Are you willing to continue to feed and monitor the cat(s) as long as you live at your current address? (*PetPromise* can provide food for those caretakers with proven financial hardships)

Are you able to transport the cats to and from a designated veterinarian's office?

Are you willing to keep the cat(s) confined in a trap on your property in a garage, on a porch or deck, or other safe area for up to 48 hours both before and after the surgery? Please explain.

Please provide the address and location of the property on which the cats described above are living (the "colony location"):

I understand that the cat(s) will be returned to the colony location after surgery. _____
(initial)

The amount that you will donate to assist with the cost of surgery for this (these) cat(s) \$_____ (Any amount will help us to continue to help others like you who need our assistance to help homeless cats and kittens!)

I, _____, residing at _____, certify that:

- a. I own the property identified above as the colony location and give permission for the cats listed above to live out their lives on this property as outdoor wildlife. (If not, I have secured the property owner's/manager's permission as evidenced by their signature below.)
- b. I did not purchase or adopt the above identified cats, obtain them from a shelter or another person, nor have I relocated the cats from another location. They are "unowned" cats living outdoors and under my daily care.
- c. I have made every attempt to educate my neighbors about the benefits of the trap/neuter/return program for population management, especially if there are any neighbors who are in conflict with the cats, and notified neighbors of my intention to trap cats so they can remove their pet cats from the area, should they be allowed outside.
- d. I will assure responsibility and arrangements for feeding the cat or cat colony regularly throughout the year, including weekends, holidays, and vacations of the feral cat caregiver, and provide for a successor caretaker in the event the original caretaker moves away or is no longer capable of fulfilling his or her caretaker responsibilities.
- e. I will make every attempt to remove sick or injured cats from the colony for immediate veterinary care or humane euthanasia, if deemed necessary.
- f. I will use this program solely to benefit the above cats and not to commit any unlawful acts.
- g. I will indemnify and hold harmless PetPromise, its Board of Directors, and Volunteers from any liability based on my participation in the City Kitty Program, and release them from any claims of past, present, or future liability.
- h. The information contained in this application is true to the best of my knowledge.

In addition, in exchange for my participation in the PetPromise City Kitty Program, I understand and agree as follows:

to waive and release PetPromise, and any participating veterinary hospital or clinic, its employees, agents, and others from any claims of any liability that may arise from the procedure on any cat(s) brought in;

that I will not be entitled to request the euthanasia of any cat brought into the program. All euthanasia decisions will be made jointly by the veterinary staff and PetPromise Board members;

that any cat brought in to a participating veterinarian as part of the City Kitty Program that PetPromise deems to be an adoptable cat will, at PetPromise's sole discretion, may be admitted to the PetPromise Dog/Cat Rescue Program and placed for adoption;

that PetPromise, its volunteers and the participating veterinary facilities will not be held responsible should a cat experience complications, injury, escape, or death; and

that the attending veterinarian shall in his or her discretion, humanely euthanize any cat found to be severely ill or injured such that it would make it inhumane to release the cat back to its colony.

I have carefully read this release and fully understand it. I am aware that this is a release of liability and a contract between the undersigned and PetPromise and its veterinary partners.

ACKNOWLEDGEMENT OF PROPERTY OWNER'S PERMISSION

If the caretaker shown on this form is not the owner of the property on which the feral cat colony resides, the owner of the property must complete and sign this form.

I certify that:

I am the owner of the property on which the colony identified on the front of this form lives. I understand the benefits of TNR (trap/neuter/return) for the humane management of feral cat colonies.

I allow the colony to be so managed on this property.

I will indemnify and hold harmless PetPromise, its Board of Directors and Volunteers from any liability based on the existence of the cats on this property.

I have carefully read this release and fully understand it.
